

CASE STUDY

Portable Storage Container Rental for Printing Products and Materials

Project Partner: Global Printing & Packaging

Location: Moreno Valley, California

Products Used: (38) 8x40 storage containers

Introduction

Global Printing & Packaging began in 1965 as a small family-owned business and has grown into an international printing solutions company. The company specializes in consumer packaging, high-quality books, and commercial printing, with expertise that includes packaging design, structural engineering, sourcing, logistics, warehousing, and supply chain support. When the company needed additional space in Moreno Valley, California, Mobile Modular Portable Storage provided a large-scale portable storage container rental solution to support the storage of printing products and materials.

The Challenge

Printing and packaging operations often require dependable space to organize paper products, packaging materials, finished print products, samples, and other business-critical materials. Global Printing & Packaging supports customers with custom product packaging and commercial printing solutions, including rigid boxes, folding cartons, POP displays, plastic/PET packaging, litholam corrugate, and related materials. To support operations in Moreno Valley, California, the company needed flexible temporary storage for printing products and materials without disrupting day-to-day workflows.

Key Benefits

- **Large-Scale Storage Capacity:** 38 8x40 storage containers provided substantial space for printing products, packaging materials, and operational needs.
- **Convenient On-Site Access:** Portable storage containers helped keep products and materials close to the team for easier organization and retrieval.
- **Operational Efficiency:** Additional storage space supported a cleaner, more organized workflow for printing, packaging, and commercial business operations.
- **Scalable Business Support:** A dependable portable storage solution aligned with the needs of a company managing printing, packaging, warehousing, logistics, and customer fulfillment needs.

The Solution

Mobile Modular Portable Storage supplied 38 8x40 portable storage containers, giving Global Printing & Packaging the additional capacity needed to store printing products and materials safely and conveniently. The 40-foot containers provided scalable, accessible storage space close to operations, helping the team keep products and materials organized while preserving valuable workspace. This storage container rental solution supported the company's need for flexible capacity in a busy printing, packaging, and logistics environment.

Results

With 38 8x40 storage containers in place, Global Printing & Packaging gained the flexible storage capacity needed to support its printing and packaging operations in Moreno Valley. The containers helped the team organize printing products and materials while preserving workspace for core business activities. By adding dependable portable storage, the company could continue focusing on what matters most: delivering high-quality custom product packaging, commercial printing, and logistics solutions for its customers.
